

## CG Partnership LEARNER CODE OF CONDUCT

---

CG Partnership is committed to offering high quality services and learning opportunities to the widest range of learners and clients. Behaviour of learners should support the delivery of this aim.

In order to achieve this, all learners should:

- Enable other learners to participate in learning, achieve and enjoy learning
- Seek to adopt safe behaviour while attending CG Partnership
- Not behave in any way that would bring the organisation into disrepute
- Be respectful and tolerant of other learners, staff and external visitors including the use of appropriate language and self-presentation
- Take all necessary action to safeguard the buildings and property of CG Partnership
- Make reasonable efforts to attend all sessions, undertake tasks and achieve own goals and qualifications
- Complete documentation that ensures that the learner is eligible for the programme and to enable CG Partnership to fulfil its contractual requirements with funders
